Jordan,

9:30am Friday is great. Where shall we meet?

Rod

Rod -

Happy to meet with you. We have a contractor testing, flowing, and repairing our hydrants this year. I believe it may meet your requirements. Do you have availability Friday at 9:30?

Good morning,

This is Chief Wilson at the Fire Marshal's Office. I am following up on this email referencing fire hydrants.

Thanks  
District Chief Rod Wilson  
Water Supply Officer.

**Subject:** Testing fire hydrates

Good morning Mr. Henifin,

My name is Rod Wilson. I am the District Chief/Water Supply Officer of the Fire Marshal Division at the City of Jackson MS. I am contacting you to verify if you company is going to take over the flowing and testing of the city's fire hydrants. CC'd in this email is the Division Chief of the Fire Marshal Office, Chief Percy Evans.

When time permits, Chief Evans and myself will like to have a conference/meeting with you and/or your team about the process you prefer us to implement when reporting damaged plugs, low water pressure and other issues of the nature.

We are looking forward to hearing from you, also working with your staff.

Thanks  
D.C. Rod Wilson WSO
